## **Music Director Position Opening**

### **About Trinity Church**

Trinity Church is an Anglican Church of the ACNA that has been serving the city of Washington for over 180 years. The church survived the pandemic due to its dedicated members and is now in the midst of a revitalization. In order to do this, the church has become mission minded, looking for ways to proclaim Christ and minister to Washington County and beyond. Our ministries include the following:

- Serving the recovery community by volunteering at the City Mission and helping other  $\frac{3}{4}$  house ministries in our area.
- Hosting over 11 recovery groups in our building.
- Two weekly ministry teams go the County Jail to run Bible Studies and other courses.
- Our community garden provides fresh herbs & vegetables to City Mission's kitchen and our neighbors.
- Annual mission trip to provide help for ARDF (Anglican Relief & Development Fund) to rebuild disaster-stricken areas. Our last trip was in the Spring of 2025 to the areas flooded in North Carolina by the hurricane of 2024.

Our community is excited about what Trinity is doing and is actively looking for ways to tell others about Jesus through both service and evangelism. This fall we will be starting up an Alpha Course ([www.alphausa.org](http://www.alphausa.org) for more info) to tell others about the Gospel.

We also love to worship through the Anglican Liturgy and through music. We combined our two services (which had different musical styles) during and after the pandemic and it has been amazing to see people learn to love styles of worship they weren't used to. In addition, many of our newer members have come from non-denominational or Baptist backgrounds and have brought their own passion for worship music. We hope you will consider joining our community!

## **Job Description**

The music director serves under the leadership of the Rectors to lead the music of Anglican worship services at Trinity Church. Both Rectors have been involved in or led music ministries for much of their time in ministry and so understand and value worship music.
